1

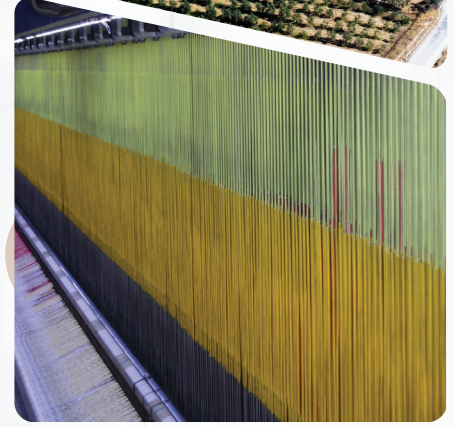

Our group company which established 30 years ago is located in Denizli/Turkey. Our company has 2 production plants which have weaving, knitting, dyeing/finishing, digital printing and ready-wear departments.

2

- Number of Employees: 340
- Indoor Area: 23.500 sqm
- Outdoor Area: 104.000 sqm
- Equipped with Renewable Energy system
- Equipped with Treatment Plant
(Testing by the certified labs periodically)

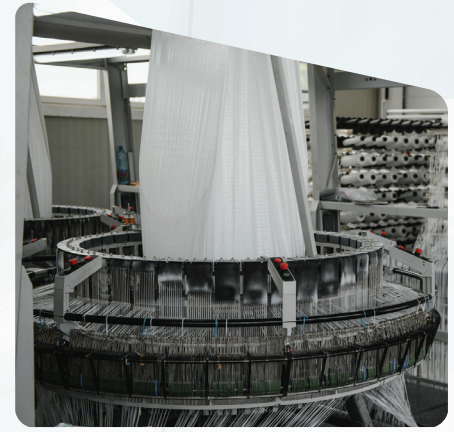

3

In our facility's weaving and knitting section, there are dobby and jacquard weaving machines as well as several types of knitting machines for home textile and outerwear.

4

In our facility's dyeing and printing section, there are two different fully automatic dyeing lines which are padding dyeing and exhaust dyeing with different appliances such as non-shrinkage, softer touches, water resistance etc. Our dyeing capacity is 1000 tons/month.

5

Our facility's ready-wear section consists of two areas as automatic line and manual line with longitudinal sewing machine and longitudinal cutting machines. These ready-wear section serves as home textile and outerwear.
